

Hello, my name is Pingüino Maricón.

This dissertation is an explanation of my testimony as I would give it from the pulpit. Here goes.

I'd like to bear my testimony. I know this church is true.

You may rightfully ask, "How do you know this?" I will tell you. One day in Sunday School the teacher read a beautiful poem called *Footsteps in the Sand*. It is such a beautiful poem. Here it is:

One night I dreamed I was walking along the beach with the Lord.
Many scenes from my life flashed across the sky.
In each scene I noticed footprints in the sand.
Sometimes there were two sets of footprints,
other times there were one set of footprints.

This bothered me because I noticed
that during the low periods of my life,
when I was suffering from
anguish, sorrow or defeat,
I could see only one set of footprints.

So I said to the Lord,
"You promised me Lord,
that if I followed you,
you would walk with me always.
But I have noticed that during the most trying periods of my life
there have only been one set of footprints in the sand.
Why, when I needed you most, you have not been there for me?"

The Lord replied,
"The times when you have seen only one set of footprints in the sand,
is when I carried you."

When I heard this I felt warm and fuzzy all over and that was God telling me that the church I was in when I heard this is the right and true church.

I know Joseph Smith was a prophet of God.

Here's how you can know if someone is a prophet: They bang tons of chicks and God is ok with it.

Abraham received concubines, and they bore him children; and it was accounted unto him for righteousness, because they were given unto him, and he abode in my law; as Isaac also and Jacob did none other things than that which they were commanded; and because they did none other things than that which they were commanded, they have entered into their exaltation, according to the promises, and sit upon thrones, and are not angels but are gods. David also received many wives and concubines, and also Solomon and Moses my servants, also many others of my servants, from the beginning of creation until this time; and in nothing did they sin... (D&C 132: 37-38)

I know the Book of Mormon is true.

A sign that this book is true is how hard Satan and "so-called" scientists fight against it. Here is an actual conversation I had with a scientist:

Scientist: The Book of Mormon is simply not supported by DNA evidence, archeological evidence, or linguistic evidence. And an analysis of the text shows that it is clearly a 19th century document.

Me: Oh yeah? Well FUCK YOU!

I know families can be together forever.

Our church kicks ass over all you Christian churches because our families can be together forever. We get sealed together in the temple and we can seal dead families together there too. So suck it, bitches.

In the name of Jesus Christ, amen.
