

**Irreligioniseosophy Doctoral Dissertation:  
God Is Of The Devil**

Milky Porter  
Ferret Business & Theology Department, Milkgap.com

Hello, my name is Milky Porter and I have always wanted to be a doctor, but was always hindered by the fact that I am a ferret. Thank you, Irreligulously, for giving me this opportunity to rise above my societal restrictions and reach my full potential. Also, thank you to my human for letting me borrow his computer to write this.
